CONNECTING RESOURCES

FILLING THE GAPS

Grants from Donor Advised Funds, educational scholarships and programs like Philanthropy Hour help connect available resources to where they are needed.

THE ANNA+ANTON OLSON LEGACY FOUNDATION

A milestone was achieved by the Anna+Anton Foundation in 2023 - it has now distributed over \$500,000 since inception! The Foundation was established in 2021 with the goal to provide grants to help strengthen the Georgetown, Hutto and Taylor communities through a life cycle of caring.

CRIS WESLEY LOVE, JR. MEMORIAL FUND

Back in 2006, the Cris Love Memorial Fund was established to honor Cris Love, Jr, who passed away at the age of 24 after a battle with cancer. His parents, Chris, Sr., and MeLynda Love, wanted to honor his memory and provide scholarships to high school seniors for college. As of 2024, the Cris Love, Jr, Memorial Scholarship has provided 66 scholarships!

By partnering with the Love's, CTXCF has provided the administrative support to run the scholarship program so that it continues to grow and provide scholarships both now and in the future.

PHILANTHROPY HOUR

This program was established to expose new or lesser-known nonprofit organizations to a larger group of donors. It is also for programs within well-established nonprofit organizations that have been newly launched.

Philanthropy Hour takes place three times per year, and is a great place for nonprofit organizations to practice honing their "pitch" and responding to donor questions.

SUPPORTING NONPROFITS

STRONGER TOGETHER

Through grants, free consulting and endowment management, CTXCF supports the great work of the nonprofit community.

HOOD ENDOWMENT GRANTS

FREE CONSULTATIONS

Susan Patterson represents Take Me Home Transport - a nonprofit which transports animals from overcrowded shelters to no-kill shelters to eliminate euthanasia. Susan expressed that her consultations with Amy Merida at CTXCF had *"transformed communication with donors about the mission, and the resources provided helped elevate the success and effectiveness of TMH programs."*

This Fund was established by the late David Hood to serve veterans and animals in Williamson County. Hood, who served in Vietnam before settling in Round Rock years later, donated his entire estate to the Central Texas Community Foundation to establish the David Hood Endowment Fund. Since the fund was established in 2011, the Hood Endowment has granted \$2,898,000 to organizations in Williamson County.

COMMUNITY ENDOWMENTS

Creating a permanent, protected fund offers an effective way to realize returns. This can be for reserve funds of a particular nonprofit, but we can also offer the flexibility to create multiple accounts to best accommodate the needs of each organization.

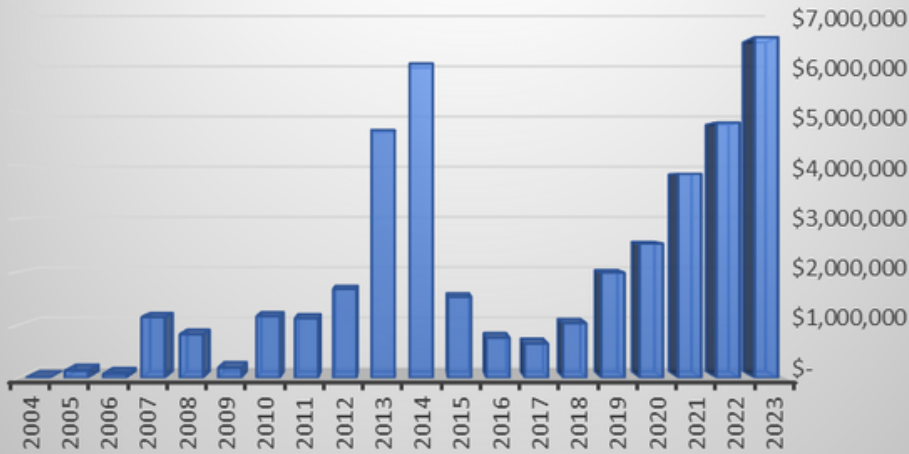

Investment options for nonprofit organizations include:

1. **Classic Endowment** - corpus is untouched, growth is available as needed.
2. **Quasi Endowment** - corpus can be utilized in times of financial need.
3. **Agency Fund** - operates like a high interest savings account for the organization with all the benefits of our Foundation's pooled assets.
